Address: 215 1/2 Bassett St., Western, Petaluma  
Price: 2200.00 \$

Well cared-for and in beautiful condition! Ridden mostly as a commuter vehicle to and from work. Purchased one year ago from a local Honda/Kymco dealer.

Regular oil changes every 2,000 miles and properly broken in. Some notable features include lighted (and spacious!) underseat storage with a cellphone mount and 12V auxiliary port, removable locking storage box that will hold a full-face helmet and has a folding cup holder, 80 mpg and freeway-capable, electrically retracting sideview mirrors, passing-light switch, and digital panel display with speedometer, odometer, gas and temperature gauges, trip reset, and clock.

Ready to upgrade to a full-size bike but I will surely miss my morning rides to work and exploring along the coast with my girlfriend.

Serious inquiries only and please, no offers of trades. Thanks!
